LIFE'S QUESTION

LIFE'S QUESTION

Have you ever wondered about life?
Perhaps you have wondered... how
does everything around you connect?
Whether inside your body, or in lakes
full of arsenic and salt, or in a small
drop of water, life has adapted and has
made this planet an inhabitable world.

Let's take a trip. But this time, let's travel
through the questions, those questions
that the very existence of life makes us
ask.
