Samskara is a massive media-based project inspired by the incredible digital artwork of Android Jones and created in collaboration with Fulldome.pro, utilizing the latest digital technologies and trends. It offers a unique journey through the self and the universe around you.

ABOUT ANDROID JONES

Android is now known as a pioneer in digital painting and projection art. He has become well known for his many layered, psychedelic works and live performances using a custom-built digital set up. He participated in the Grateful Dead Fare Thee Well Tour, and his work has been projected on the Sydney Opera House and the Empire State Building.

PRESS

“

You can try to explain what Samskara is to someone, but words aren't really enough.

Forbes

“

Overall, SAMSKARA is a beautiful, energy provoking art exhibit that seeks to expand our senses in new and exciting ways... You will not leave the exhibit without taking something with you. That is the meaning of SAMSKARA.

“

But for me, Samskara at Wisdome was like an alternate-reality LA, one without censure or reproach, an escape hatch from the City Of Scorned Angels.
My favourite new LA hiding place.
