DISCOVER THE WORLD'S MOST  
IMMERSIVE PROJECTION DOME

# **WHAT IS THE SUPER REALITY DOME?**

**It's our most immersive product to date, featuring an extended wrap-around projection area that covers not just the walls but also the floor of the dome.**

Stunning visuals and surround sound combine to transport audiences on a VR-like adventure, without the need for goggles or headsets. This cutting edge venue redefines the limits of sensory experiences by delivering an unparalleled feeling of infinite space, inside a dome.

# **WATCH TO SEE THE SUPER REALITY DOME IN ACTION**

A woman with her hair in a bun, wearing a light blue t-shirt, stands in profile, looking at a large, colorful, inflatable character that resembles a cartoonish, muscular man in a blue and yellow outfit. The character is floating in the air. The background is a dark, cave-like environment with blue and purple lighting, featuring rocky walls and a small, glowing object on the left. The overall scene is vibrant and surreal.
